

Skin Tone Paint Center

- Read all directions before beginning

Approximately five minutes:

- take handout for lesson and look it over
- as a group, find your skin tone by testing paints on your skin—
 - *don't be afraid to mix to find the right color*
 - *Use cotton swabs, paint cups and wipes as needed*
- take a paper nametag sticker and write “My Skin tone is _____” (you can name your color if it's a mix of colors)

Approximately five minutes:

- Read All the Colors We Are aloud to the group
- Discuss book and activity, if time allows
- Replace materials for next group
